DETAILED ACTION

1. Claims 38-74 are pending in the instant application. Claims 40-42, 44-50, 52, 53, 57-59, 61-65, 67, 69 and 70 are withdrawn as being drawn to non-elected species. Previously withdrawn claims 43, 54, 60 and 66 are rejoined because they read on a non-elected species used herein for a new ground of rejection (see Section 4).

Response to Amendment

2. The amendment to the claims overcame all grounds of rejection set forth in the previous office action dated July 10, 2007. Therefore, the previously made 35 USC 112 and 35 USC 102 rejections are withdrawn.

3. A new ground of rejection is set forth in this office action (see Section 5).

Claim Objections

4. Claim 72 objected to for depending on a base rejected claim.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 38, 39, 43, 49, 51, 54-56, 60, 66, 68, 71 and 73 rejected under 35 U.S.C. 102(b) as being anticipated by L'Eplattenier et al. and Maitland et al.

The reference teaches the following compound (RN 61255-91-2):

which, as evidenced by Maitland et al., is a tautomer of a compound (below) encompassed by the instant claims

Allowable Subject Matter

6. The elected species is allowable, see office action dated July 10, 2007.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period

Application/Control Number:

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
